

WANT TO MAKE A FILM?

3Dami is a **7 day summer school** where groups of students run their own studio and create their own animated short film from scratch. There are industry visits and talks given by experts. The event is completely free, including transport, for UK students **aged 14-18** and runs at **UCL (London)** from August **3rd to August 1th**. A second location should be announced soon. Please visit the website (**3dami.org**) to watch last year's films and for further details, including how to apply.

The logo features the text "3D" in a large, bold, yellow 3D font, and "ami" in a smaller, yellow, rounded lowercase font. Both are set against a black rectangular background. This background is placed on a grey film strip that is tilted diagonally. The entire graphic is set against a dark red, vertically-pleated fabric background.
